VISION

To Be The Most Trusted and Recognized Name in Equipment Rental

To be the premier provider of innovative and reliable equipment rental solutions across the Middle East and beyond. We aim to expand our presence globally, offering a comprehensive range of modern machinery and services through our network of company-owned branches.

By leveraging over 30 years of industry expertise, a commitment to customer satisfaction, and cutting-edge technology, we strive to deliver exceptional value and support to our clients worldwide.

MISSION

Quality Equipment Hire

QUALITY POLICY:

Mister Machine upholds Quality among its organizational primary values and is strictly committed to apply these business values:

Client Satisfaction:

achieving client satisfaction through the combined effort of planning, resource management, quality of service and feedback from our client.

Quality Services:

Fully committed to provide reliable and durable services in a timely, safe and convenient manner as per our client requirements, as well as, providing highest performance and most reliable equipment.

Modern Equipment and Services: offering modern equipment fleet of latest models and utilize the latest information technology system to better serve our clients.

Competitive Hire Rates:

offering competitive rates that match the value for money.

Adherence to a Quality Management System:

Strict adherence to the Quality Management System at all times by continually monitoring the implementation of the system with the view of continually improving it.

Adherence to Legal Requirements:

Strict adherence to the local regulatory and statutory requirements governing Quality.

Professional Staff:

Ensuring that all our staff and personnel are well trained, disciplined and motivated, along with experienced top management who are competent in the fields of our services.

Availing Effective Resources:

Ensure availability of adequate resources, effective communication and awareness or training to employees, clients, and suppliers on Quality.

About the Company

Founded in November 1991 in the Kingdom of Bahrain, Mister Machine B.S.C.C. has grown to become one of the most trusted names in the **Equipment Rental industry**. Over the years, the company has expanded its capabilities, services, and market reach to support a wide range of industries with dependable and high-quality Equipment solutions.

In 2012, due to limitations in the Bahraini market, the company expanded its operations into the Kingdom of Saudi Arabia under the commercial registration name **Awal Equipment Hiring Company**. Currently, Mister Machine B.S.C.C. holds seven commercial registrations in Bahrain and one in Saudi Arabia, operating under the name Awal Equipment Hiring Company.

The company operates across multiple specialized divisions

1. Access Platform Division
2. Generators & Compressors Division
3. Heavy Equipment Division
4. Forklift Division
5. Oilfield Equipment Division
6. Welding Equipment Division
7. Transportation & Logistics Division
8. Quality Used Equipment for Sale Division

With a highly experienced management team possessing deep industry knowledge and strong administrative capabilities, the company has developed a solid reputation in the equipment rental sector. We are committed to supporting the local economy by prioritizing the hiring of local talent, while also benefiting from the experience of a diverse team comprising both local and expatriate professionals.

Through decades of operational excellence, Mister Machine has become a leading name in the equipment hiring business and a trusted service provider in the Kingdom of Bahrain and Saudi Arabia.

Rental Management Solutions

About the Software

Mister Machine has developed iHire Software, a comprehensive system designed to streamline operations. Continuously updated by our in-house IT team, it adapts to meet the evolving demands of the industry.

Built by Experts, for Experts

Crafted over several years by experienced professionals, iHire Software integrates our deep knowledge of the equipment hiring industry, ensuring smooth workflows and efficient interaction across all stages of the hiring process.

Decades of Experience, Built into Every Line of Code

With 30 years of experience from Abu Amer Equipment Hiring Company and Mister Machine, our software blends hands-on industry knowledge with technological innovation to deliver a reliable and intuitive solution.

ZATCA eInvoice Compliance

Fully compliant with ZATCA eInvoice regulations, iHire Software integrates invoicing processes to meet Saudi Arabia's digital invoicing standards, enhancing operational efficiency and compliance.

Safety & Environmental Procedures

At Mister Machine, we take our environmental responsibilities seriously. As a company specializing in equipment rental, we recognize the critical role we play in protecting the environment and preserving our planet's resources.

We are fully committed to upholding the highest standards of environmental care and sustainability. To support this commitment, all machinery and equipment offered for hire are either brand new or certified by trusted manufacturers to meet the latest environmental compliance standards.

Mister Machine strictly adheres to the environmental and pollution control policies of every country in which we operate. Additionally, we ensure that all employees are thoroughly trained, well-informed, and fully compliant with our safety and environmental procedures.

Our dedication goes beyond compliance—it is a core part of our company's values and daily operations.
